Office Policies

Welcome to Auburn Pediatric Associates! Here are a few guidelines that we would like for you to be aware of:

- 1 A Parent/Guardian must notify the office of changes in address, telephone number or insurance.
- 2 Please bring your insurance card to every visit. **You will be responsible for payment of charges from services rendered if we are unable to verify benefits.**
- 3 Insurance companies require collection of your co-pay or contracted percentage of services at every visit. If you have a deductible that has not been met, you will be required to pay for the visit in full. If your insurance company does not pay for a service, the charges will be the responsibility of the parent/guardian. We recommend that you always question your insurance company regarding your benefits and do not assume that everything done in our office is covered by your insurance carrier.
- 4 We accept cash, checks, Visa, MasterCard, Discover, and American Express.
- 5 Financial arrangements will be required for balances which remain unpaid after two statements have been received prior to scheduling an appointment.
- 6 There is a \$30 fee for returned checks.
- 7 Our office cannot be involved in payment disputes between parents. The person who brings the child to the office will be expected to pay at the time of service.
- 8 Medical records can be mailed to another physician free of charge upon release of the medical record. Patient copies of the medical record can be obtained for a fee. Copies of the medical record will be provided within 7 business days with a prepayment.
- 9 Patients are seen **by appointment only**. Each child needing examination by the doctor should have an individual appointment. We are required by insurance companies to collect co-pays or contracted percentages for each child examined.
- 10 Rescheduling may be necessary if you are more than 10 minutes late for your appointment. We will try to work you in if time allows.
- 11 Absences from school will only be excused by our office if your child has been seen in the office for the illness.
- 12 In general, well examinations cannot be scheduled on the day that you call. We reserve only a certain number of well examinations per day. This also applies to other conditions that require a significant amount of time for the physician to effectively manage the condition (i.e., asthma, ADHD).
- 13 Patients on medication for ADHD will be seen for medication check-ups every 3 months. Refills for ADHD medications will be provided only if these appointments are kept. Parents/Guardians may call the nurse to request a refill for ADHD medications. These prescriptions will be available for pick-up 24-48 hrs after the request has been made during our regular business hours.
- 14 Medication refills can be requested over the phone to treat stable, chronic medical conditions that require ongoing medication (i.e., asthma, allergies), as long as the patient is established and has been seen for the condition within the past 6 months. Refills will not be provided after hours or on the weekends. Please allow 24-48 hrs for these refills to be completed.
- 15 In general, antibiotics will not be prescribed over the phone. If you feel your child may need an antibiotic, he/she will need to be seen.
- 16 Our nurses are always available during business hours to serve your needs. You can ask to leave a message for any questions that you may have. All messages will be returned on that business day; however, depending on the daily schedule, these calls may not be returned until the end of the day, and they will be returned in order of urgency. If you feel your child needs to be seen you should speak with someone in the front office to schedule an appointment, as the schedule fills quickly.
- 17 After-hours contact with the physician is intended for urgent medical problems only. Questions about appointments, billing, referrals, refills, or other issues of a non-urgent nature should be placed during normal business hours.
- 18 In case of an emergency, call 911 or take your child to the nearest hospital emergency room.

By signing below, you acknowledge that you have read and understand the office policies.

Alabama One Health Record® Notice of Privacy and Data Practices

Pediatric Associates of Auburn participates in the Alabama One Health Record®, the statewide health information exchange (HIE) designated by the State of Alabama. The HIE is a secure network for health care providers to share your important health information to support treatment and continuity of care. For example, if you are admitted to a One Health Record® participating health care facility not affiliated with *Pediatric Associates of Auburn*, health care providers there will be able to see important health information held in our electronic medical record systems.

Your patient record includes medicines (prescriptions), lab and test results, imaging reports, conditions, diagnoses or health problems. To ensure your health information is entered into the correct record, also included is your full name, birth date, sex, and last four digits of your social security number. All information contained in the HIE is kept private and used in accordance with applicable state and federal laws and regulations. The information is accessible to participating providers to support treatment and healthcare operations such as mandated disease reporting to the Alabama Department of Public Health.

You do not have to participate in the HIE to receive care. For more information about the Alabama One Health Record® and your choices regarding participation, visit www.onehealthrecord.alabama.gov or call 334-353-4463.

Vaccine Refusal Policy

Our goal here at Pediatric Associates of Auburn is to provide the highest quality healthcare we possibly can for all our patients. Vaccines play a fundamental role in the care provided to your child(ren). Because of this, we believe if we cannot come to a basic understanding with you over the efficacy and benefits of vaccines, we will more than likely have further impasses regarding the health and treatment of your child in the future. Because of this, we have adopted the following policy regarding vaccine refusal:

- 1) During your first visit, you are welcome to discuss openly your concerns/fears regarding vaccines. Our providers will discuss with you the benefits versus the risks of vaccines. If you still aren't comfortable with your child(ren) receiving a vaccine, you will be encouraged to go home and do some more research. We can provide resources for you to look at regarding vaccines and the great benefit they have provided humanity since their inception. A follow-up appointment should be made within 60 days.
- 2) At your following visit, further discussion can be held and again our providers will be more than happy to address any of your concerns/fears that may still be lingering. You may again choose to refuse vaccination at this time if you wish.
- 3) At your third visit if you still refuse to have your child vaccinated, you will be asked to find another provider who is more in line with your thoughts on the healthcare your child should receive.

This policy applies only to required vaccines. Our providers will work with you if you wish to implement a modified vaccine schedule instead of following the schedule recommended by the American Academy of Pediatrics.

Parent Questionnaire - R

Dear Parent or Caregiver: Being a parent is not always easy. We want to help families have a safe environment for kids. So, we're asking everyone these questions about problems that affect many families. If there's a problem, we'll try to help.

Please answer the questions about your child being seen today for a checkup. If there's more than one child, please answer "yes" if it applies to any one of them. This is voluntary. You don't have to answer any question you prefer not to.
